DOCKET 551-P-002INTERVIEW RECORD

Applicant's undersigned counsel acknowledges the courtesy of a telephonic interview with the Examiner on Wednesday, April 22, 2008.

In that interview Applicant's counsel inquired of the Examiner whether or not the basis for rejection under 35 U.S.C. § 112, second paragraph was directed to an issue of double inclusion and determined that it was. In response to that double inclusion rejection, Applicant's counsel orally proposed amending independent claim 38 in the following respects to traverse the rejection:

1. change the transition phrase "comprising" to -- said combination comprising --;
2. change each of the "electrical wire conduit", "coupling member", and "connecting member" claim elements following the "comprising" transitional phrase, respectively,  
  
from "an electrical wire conduit ..." to -- said electrical wire conduit ... --,  
  
from "a coupling member ..." to -- said coupling member ... --; and  
  
from "a connecting member ..." to -- said connecting member ... --,  
  
and to make corresponding changes in independent claim 39.

The Examiner appeared inclined to accept the proposed amendments as successfully traversing the 35 U.S.C. § 112, second paragraph, rejection, but reserved acceptance pending receipt and review of the thus-amended claims in written form.

Applicant hereby submits the following Amendment presenting these proposed amendments discussed with the Examiner in written form.
